There'll be a hot time in the old town to night
I've got a tick-et for my self and my girl

If you'll come a-long with me you'll see some sight
When the mus-ic starts to play you'll see us twirl

Folks from ev-ry where They all de-clare When the grand march starts you'll see them right
Fox-trots may be fine I love rag-time But the Hu-la Dance is "the" dance for

there you bet-ter wear something light and cool Good time will be the rule.
mine It's just like wine In-tox-i-ca-ting strains Make you for-get your pains.
